

UC San Diego

Center for Perinatal Discovery

2023 Annual Symposium

A Multidisciplinary Approach to Fetal Growth Restriction

Join us as our expert speakers present the latest in healthcare and research surrounding Fetal Growth Restriction.

SATURDAY JUNE 24 • 9:00 AM
TO 4:00 PM

HYBRID EVENT
DUANE ROTH AUDITORIUM,
SANFORD CONSORTIUM FOR
REGENERATIVE MEDICINE

[INFO & REGISTRATION](#)

Hosted in part by Star Legacy Foundation

Takes place following the [2023 Star Legacy Stillbirth Summit](#)

Center for Perinatal Discovery Annual Symposium

8:30 AM Registration

9:00 AM - 9:10 AM Opening Remarks

9:10 AM - 9:30 AM: ***"Prenatal Diagnosis of the Growth Restricted Fetus"***

Douglas Woelkers, MD

Perinatologist

Professor of Obstetrics, Gynecology, and Reproductive Sciences

University of California, San Diego

9:30 AM - 9:50 AM: ***"Not a small problem: growth restriction on a personal level"***

Katherine (Kathy) Weiss, MD

Associate Professor

Department of Neonatology, University of California San Diego

Rady Children's Hospital

9:50 AM - 10:10 AM: ***"Spatial profiling of the healthy term placenta to inform studies of fetal growth restriction"***

Kathleen Fisch, PhD

Assistant Professor, Department of Obstetrics, Gynecology & Reproductive Sciences ([OB/GYN](#))

Faculty Director, Center for Computational Biology & Bioinformatics ([CCBB](#))

Co-Director, Center for Excellence in Translational Immunogenomics ([CETI](#))

10:10 AM - 10:35 AM: ***"Placental FSTL3 is associated with intrauterine growth restriction in parturient persons of African, Asian and European ancestries"***

Omonigho Aisagbonhi, MD, PhD

Assistant Professor

Department of Pathology

University of California, San Diego

10:35 AM - 10:55 AM: Coffee break

10:55 AM - 11:15 AM: ***"Preeclampsia and Fetal Growth Restriction: The chicken or the egg?"***

Ukachi Emeruwa, MPH

Assistant Professor

Department of Obstetrics, Gynecology and Reproductive Sciences

University of California, San Diego

11:15AM - 11:35 AM: ***"Modeling placenta associated pregnancy disorders: perspective from fetal growth restriction."***

Mariko Horii, MD

Assistant Professor

Department of Pathology

University of California, San Diego

11:35 AM - 11:55 AM: ***"Placental Pathology and Fetal Growth in Pregnancies Complicated By Obesity"***

Samantha Hietalati, MD

Assistant Professor
Department of Pediatrics
University of California, San Diego
Rady Children's Hospital

11:55 AM - 1:00 PM: Lunch

1:00 PM - 1:50 PM: Keynote 1 - ***The fetoplacental vasculature: An underestimated yet potential target of intervention in severe fetal growth restriction?"***

Emily Su, MD, MSCI

Professor
University of Colorado School of Medicine
Department of Obstetrics and Gynecology
Division of Reproductive Sciences/Division of Maternal-Fetal Medicine

1:50 PM - 2:20 PM: Coffee break

2:20 PM - 3:10 PM: Keynote 2 - ***"Intrauterine growth restriction: Placental correlates with early onset and late onset recognition"***

Amy Hereema-McKenney, MD

Director of Perinatal Pathology
Cleveland Clinic

3:10 PM - 4:00 PM: Keynote 3 - ***"A New Paradigm for the Regulation of Fetal Growth"***

Paul Rozance, MD

The Frederick C. Battaglia Chair in Neonatology Research
Children's Hospital Colorado
Professor of Pediatrics, Neonatal Medicine
University of Colorado School of Medicine, Perinatal Research Center
